This 25 mile stretch of the journey is the part of the drive you may have heard about. This 2 lane highway runs right through the Menominee Indian Reservation. It is very scenic yet can be a challenge to drive, particularly since you've already driven 250 miles. The terrain is particularly hilly, and the road has many sharp curves.
- Turn Left on **Hwy 64 West**.
- Glacier Wilderness is just a few miles down the road on the left. (Gas Station on the right side)

The trip to the campground is about 280 miles from Chicago and should take 5-6 hours. It is interstate highway all the way to Green Bay.
